Spartan Pin Tag

Features Wide Plastic Pin Head and Dummy Alarm Speaker Holes

The Spartan Pin Tag is a reusable EAS tag featuring a large plastic pin head for more secure attachment to products with larger holes. In addition, its dummy speaker holes make thieves think the tag will alarm if removed giving it a strong tamper deterrent. This specially engineered pin can be placed through clothing buttonholes on delicate merchandise without the danger of it slipping out. Despite its small size, the advanced technology will out-perform tags twice as large. And with its patented tamper resistant structure, the Spartan Pin Tag is virtually impossible to defeat.

Applications

- Jeans
- Shirts
- Intimate Apparel
- Children's Ware
- Lace

Features

- Wide Plastic Pin Head for Secure Attachment to Buttonholes
- Dummy Alarm Speaker Holes for Strong Tamper Deterrence
- Effective High Pick Rate
- Highly Tamper Resistant
- Light Weight
- Pin Lies Flat
- Advanced EAS Technology
- Aesthetically Pleasing
- Easy Application and Removal
